

I would like to comment on the Low Power FM (LPFM) proposing to expand this service in a way that would allow the new LPFM stations to take priority over current FM translator service - in regards to Air 1. Air 1 serves me in a way that is not available where I live. We live in an area that is high altitude, and we only have limited access to radio stations. The effect on the local community if Air 1 were to be displaced by an LPFM broadcaster providing other programming would be crucial. Air 1 is a family friendly service, and we would be highly devastated if it were displaced by an LPFM broadcaster.

Thank you for your time,

Dena Fischer
